

February 12<sup>th</sup>, 2016

### **Boarders' 120 km Cycling Expedition**

On the 12<sup>th</sup> of Feb'16 a group of 20 Grade 11 boarder boys embarked on a cycling trip that stretched from Yellagiri to Bangalore. The students cycled in groups of four, ably assisted by the ISL staff. The 120 km expedition was well laid out. The boarders cycled a grueling 8 hours in total to complete the Tamil Nadu to Andhra Pradesh stretch. Fun activities, a bonfire and dinner added some relaxing moments before and after the trip. Such trips not only kindly the childrens' sense of adventure but also test their stamina levels. Next year we hope we see more participation from more boarders!
