PYP Chess Competition

The PYP chess competition was inaugurated by Ms Selina on 19th February. Around 60 students from Prep 2 to Grade 5 participated eagerly in the battle of mind and skill. They engaged in a focused manner and had the opportunity to apply and showcase their quick strategic and logical thinking skills. The student pairing for the chess event was created by FIDE approved chess software. It was a very intense tournament and all the participants enjoyed the competition very much!

Chess is a game of patience and concentration

From Prep 2 to Grade 5, our budding chess masters played against each other with skill
